Next review due by: 12 November 2023

Created: 12 November 2021

Revisions: Nov 21, Nov 22

Quorn Hall School is owned and operated by Cavendish Education.

This policy is one of a series of school policies that, taken together, are designed to form a comprehensive statement of the school's aspiration to provide an outstanding education for each of its pupils and of the mechanisms and procedures in place to achieve this. Accordingly, this policy should be read alongside these policies. In particular it should be read in conjunction with the policies covering equality and diversity, Health and Safety, safeguarding and child protection.

All of these policies have been written, not simply to meet statutory and other requirements, but to enable and evidence the work that the whole school is undertaking to ensure the implementation of its core values:

- **'Levelling up'** - We want our children to be able to meet appropriate milestones and age related expectations, socially, emotionally and academically.
- **Thrive not survive** - We want our children to thrive in school and society, not just survive their adverse childhood experiences.
- **Confidence** - Develop confidence in their abilities and self image/esteem as learners and members of society.
- **Creativity** - Foster individuality and celebrate differences and create a compassionate and accepting environment. Provide tools that give students options, voice, and choice in order to enable them to be creative.
- **Competence** - In their ability to self-regulate and interact with different types of people and overcome the challenges and traumas from the past.
- **Character** - Develop resilience so they see failures or negative situations as a learning opportunity by implementing growth mindset approach.
- **Compassion** - For pupils and the challenging circumstances they have encountered in both their personal and educational lives.
- **Care** - To overtly demonstrate to pupils that adults do care about them and their futures - every day is a fresh start.

While this current policy document may be referred to elsewhere in Quorn Hall School documentation, including particulars of employment, it is non-contractual.

Within the school's policies, unless the specific context requires otherwise, the word "parent" is used in terms of Section 576 of the [Education Act 1996](#), which states that a 'parent', in relation to a child or young person, includes any person who is not a biological parent but who has parental responsibility, or who has care of the child. Department for Education guidance [Understanding and dealing with issues relating to parental responsibility](#) considers a 'parent' to include:

- all biological parents, whether they are married or not

- any person who, although not a biological parent, has parental responsibility for a child or young person – this could be an adoptive parent, a step-parent, guardian or other relative
- any person who, although not a biological parent and does not have parental responsibility, has care of a child or young person

A person typically has care of a child or young person if they are the person with whom the child lives, either full or part time and who looks after the child, irrespective of what their biological or legal relationship is with the child.

The school employs the services of the following consulting companies to ensure regulatory compliance and the implementation of best practice:

- Peninsula BrightHR
- Peninsula BusinessSafe (Health and Safety)
- Atlantic Data (DBS)
- Educare (online CPD)

Quorn Hall School is committed to safeguarding and promoting the welfare of children and young people and expects all staff, volunteers, pupils and visitors to share this commitment.

All outcomes generated by this document must take account of and seek to contribute to safeguarding and promoting the welfare of children and young people at Quorn Hall School.

The policy documents of Quorn Hall School are revised and published periodically in good faith. They are inevitably subject to revision. On occasions a significant revision, although promulgated in school separately, may have to take effect between the re-publication of a set of policy documents. Care should therefore be taken to ensure, by consultation with the Senior Leadership Team, that the details of any policy document are still effectively current at a particular moment.

British Values

Our Values Statement

We promote 'British Values' through our spiritual, moral, social and cultural education which permeates through the school's curriculum and supports the development of the 'whole child'.

We recognise that such development is most successful when those values and attitudes are promoted by all the staff and provide a model of behaviour for our pupils.

'British Values' have been identified as:

Democracy:

The ability to understand and communicate are the most important areas of learning. We ensure that pupils are given a 'voice' to communicate. This 'voice' could be using words, objects, photographs, pictures, symbols, touch cues, eye pointing or body language.

We empower our pupils by giving them opportunities to make choices about the things that they believe to be important. By valuing each 'voice' and by listening and responding to that voice we demonstrate that we support democracy and liberty.

We have an active School Council.

Rule of Law:

We involve pupils in setting codes of behaviour, helping pupils to make decisions and choices that are acceptable to the school community and society at large.

Pupils are helped to learn to manage their behaviour and take responsibility for their actions. Staff are committed to providing a consistent and predictable environment within the school and beyond. We can help some pupils to understand the connection between actions and consequences. This type of environment enables pupils to feel safe and secure; this in turn, promotes the optimum conditions for learning to take place.

Individual Liberty:

Pupils are encouraged to become good and valued citizens. We do this by supporting each pupil to become as independent as possible. We endeavour to demonstrate that everyone has rights; this includes the right to say 'Yes' or 'No' to ideas or activities. Some pupils will be able to take responsibility for particular roles and to understand that with certain rights comes a level of responsibility. Learning to do things independently is an important part of learning to understand yourself. We support others by participating in charitable events such

as Red Nose Day, Comic Relief and Children in Need. We believe that engendering a caring and helpful environment and to be independent can boost and nurture a healthy self-esteem.

Mutual Respect:

We promote each pupil's inclusion in activities, settings and locations that are appropriate to them individually to meet their needs. Within school, pupils work with a range of people, and interactions with others are always positively promoted on a personalised basis for each individual. This may include working with pupils from other schools, coaches, theatre groups etc. The curriculum is personalised and planned for pupils and may include transitioning within the range of resources and places on the site and going into the community to meet with a range of people in a variety of situations which include sports events, community events and shared participation with other schools/colleges.

We believe it is important to facilitate opportunities to be part of the community as the pupils, families, carers and staff have much to offer in the development of community cohesion.

Tolerance of different faiths and beliefs:

We are part of a school and local community where each person is respected and valued equally without regard to ability, gender, faith, heritage or race.

Cultural appreciation and development forms part of our curriculum. We place great emphasis on providing encounters and participation in events and celebrations to broaden all pupils' experiences and awareness of others.

Our Humanities and PSHE scheme of work helps all pupils to find out about themselves and others, linking their lives to the communities in which they belong. The themes cover areas such as: friendships, helping others and celebrations from a range of faiths and world events.

Pupils are encouraged to experience British Culture through our curriculum themes. For example, pupils have visited many local places.

As a school, we take part in sporting activities which helps to instil 'fair play' and engender a 'team spirit'.

Although some of our pupils may find it difficult to articulate their feelings and concerns, staff are attuned to changes in demeanour and well-being that may indicate anxiety. If they are concerned about a pupil our accepted practice links to the Safeguarding Policy which entrusts a duty of care to all staff to actively protect and promote the welfare of children.

The staff work closely with parents, carers and other professionals to ensure that the pupils at Quorn Hall School are happy, well cared for and enabled to learn the skills they need to live a fulfilling life as part of their community.

Spiritual, Moral, Social and Cultural (SMSC)

Quorn Hall School has a strong commitment to the personal and social development of all pupils. The school vision and values, put together by all the staff, supports spiritual, moral, social and cultural characteristics in all pupils.

What is SMSC – Spiritual, Moral, Social and Cultural development?

Spiritual development is when we:

Explore beliefs and experience; respect faiths, feelings and values; enjoy learning about oneself, others and the surrounding world; use imagination and creativity; reflect.

Moral development is when we:

Recognise right and wrong; respect the law; understand consequences; investigate moral and ethical issues; offer reasoned views.

Social development is when we:

Use a range of social skills; participate in the local community; appreciate diverse viewpoints; participate, volunteer and cooperate; resolve conflict; engage with the 'British values' of democracy, the rule of law, liberty, respect and tolerance.

Cultural development is when we:

Appreciate cultural influences; appreciate the role of Britain's parliamentary system; participate in culture opportunities; understand, accept, respect and celebrate diversity.

SMSC is embedded throughout the curriculum at Quorn Hall School. This integrated approach ensures that aspects of SMSC are considered in all subject areas. The senior leadership team audits SMSC and Governors monitor it across the school.

Beyond the Curriculum

We are also committed as a school to developing SMSC beyond the curriculum. This is done through:

Arts, Music and Cultural Specialists visiting the school over the year.

School trips also give pupils an opportunity to explore aspects of SMSC.

In order to reflect further on the impact of all our work on SMSC:

We engage governors, families and community;

Hear our pupils voice;

Observe staff and pupil interactions;

Support Social Behaviour;

Complete learning walks reflecting on resources and practices.
